Writers have made an impact on the world, or maybe it's just that technology and software developers have finally reached beyond a one size fit all approach to software.. If you're looking for some of Word's advanced features not available in the aforementioned options, Microsoft offers a free trial of Office 365 Home which lets you install the complete version of its word processor along with the rest of the Office suite on up to five PCs and/or Macs as well as the full version of its app on five tablets and phones.. While not all features found in the desktop version are in this browser-based app, it lets you store edited files in your cloud-based repository as well as on your local disk in DOCX, or ODT formats.. So, if you do happen to be an MS Word lover, you can subscribe to Office 365 for a low monthly fee of \$9.
